

To Whom it May Concern,

The use of EMS #24142-01 Glutaraldehyde Spill Control is approved at Bigelow Laboratory for Ocean Sciences as a suitable way to neutralize glutaraldehyde wastes and make them safe for disposal. The end product is nearly neutral, prepared for biodegradation, and acceptable to sewer disposal.

Further information about this process may be obtained from Electron Microscopy Sciences
1560 Industry Road USA-Hatfield, PA 19440 Tel: 215-412-8400 Fax: 215-412-8450
